Our service to you

We are an online insurance intermediary and we use our comparison tools to allow you to compare multiple personalised quotes to find the right product and price for you. We can't offer you advice or make a recommendation on what policy is right for you, but we do try and give you all the information you need to help you decide.

To help you decide which product is right for you, we will ask you a number of questions. These questions are designed to ensure that we, and the insurance providers on our panel, have all the information necessary to provide you with products that meet your needs.

Firms we work with

We offer you travel insurance quotes from a range of insurance providers and brokers. We operate through two channels and the insurers and brokers we work with will depend on whether you have a pre-existing medical condition or not. A current list can be found below:
